50,000th Hymermobil B-Class rolls off the production line

Bad Waldsee, 23th June 2008

At the end of May 2008, the 50,000th Hymermobil B-Class motorhome - a Hymermobil B 614 CL ExclusiveLine - rolled off the Hymer production line at Bad Waldsee. The celebratory model gleamed in a champagne metallic paint finish to match the occasion. The interior appointments also live up to the festive event as this model range offers an array of very attractively priced optional extras within a package.

The Hymermobil B 614 CL ExclusiveLine shines not only by virtue of its exterior paint finish with exclusive design stickers. The interior boasts the Almeria style collection, an L-shaped seating arrangement at the front, a raised double bed across the rear with garage underneath, and height-adjustable Aguti lounge seats. The modern kitchen flaunts a 150-litre refrigerator. This special model range also features radio/TV pre-installation with loudspeakers and cabling, including a TFT mount with 19-inch flat screen. A DVD player and Samy Vision 64 satellite system put the finishing touches to the items offered in the entertainment arena. A host of further details round off the exclusive furnishings and fittings of this celebratory model.

The 50,000th Hymermobil B-Class marks a further milestone in the success story of Europe's top-selling motorhome. Recently, in 2006, the B-Class celebrated its 25th product anniversary. Hymer's most successful motorhome has not only been chosen as the Motorhome of the Year in Germany for over 20 times in succession, but has for years held "German standard" status. The term Hymermobil has come to be equated with motorhomes in general and epitomises this sector of leisure vehicles.

The Hymermobil B-Class comes as an SL model in the premium version and as a comfortable, attractively priced CL model so as to suit every pocket.
